

# SU Addition

## Maize

**SU Addition brings an excellent balance of outstanding DM yields and quality.**

A true dual purpose variety that gives 'added' performance for both livestock and AD sectors.

A positive all round package with excellent standing and stay green.

SU Addition produces a large uniform fully enclosed determinate cob.

- ➔ **SU Addition has outstanding DM yield performance.**
- ➔ **This reliable variety has excellent standing power.**
- ➔ **SU Addition has strong 'stay green' characteristics.**
- ➔ **SU Addition is a very promising dual purpose variety with consistent high quality.**
