

SU Performer

WINTER HYBRID RYE

SU Performer is the most widely grown hybrid rye variety across Europe for the past 10 years.

A super reliable variety that just keeps on 'performing'. First listed in the UK in 2017.

SU Performer has a robust agronomic package that ensures consistent performance every year.

Quick to grow away in spring to ensure good biomass for AD harvest.

➔ **SU Performer is a tried and trusted variety for both AD and grain production.**

➔ **SU Performer has proven performance over the last 10 years.**

➔ **SU Performer is robust and reliable in all regions, in all situations.**

➔ **SU Performer is a rye you can really rely on.**

YIELD PERFORMANCE		Grain
SU Performer 100%	KWS Tayo 101%	KWS Serafino 96%
